

Cake Frosting

Mix flour and milk in saucepan. Cook on medium heat until thickened. Stirring constantly. Mixture should end up very thick. Cool thoroughly. (If you want chocolate icing add 2 $\frac{1}{2}$ TBSP cocoa powder to flour and milk before cooking.)

Beat softened butter, sugar and vanilla together in mixing bowl. Add cooled flour/milk mixture and beat until very fluffy. 5 minutes or more.

5	Tbsp Flour		
1	Cup Milk		
1	Cup Butter		
1	Cup Sugar		
1/2	Tsp Vanilla
